

## **PROOF YAHWEH EXISTS**

## YOU CAN PROVE YAHWEH EXISTS

This decade has been called a Decade of Destiny by many evangelical groups. For the first time in the 20th Century, we have satellite television and the Good News is going to all the world for the first time in all history. Estimates are between 20 and 40 million people in the United States claim to have had a "born again" experience. Today we have 24 hour-a-day religious television on cable networks.

At the same time, the Arms build-up continues. Today we have enough nuclear overkill, to destroy somewhere between 50 and 100 other worlds the same size of ours! Scientists, educators, and world leaders all agree that the only solution to man's problems is a world government! Otherwise, world leaders expect that in the next 10 to 15 years, there will be a nuclear World War III!

Are we living in the prophesied LAST DAYS? Is it rational for us in our modern 20th Century to believe in Yahweh?

Many people today believe in Yahweh. However, there are many more who do not believe that there is a Supreme Almighty Creator. More and more people are embracing agnosticism. Others are embracing atheism (sometimes called nontheism). Sir Julian Huxley stated: "There is no longer either need or room for supernatural beings capable of affecting the course of events in the evolutionary pattern of thought. The earth was not created, it evolved. So did all the animals and plants that inhabit it, including our human selves, mind and soul as well as brain and body."

Today, our modern education teaches evolution. We are taught that mankind evolved from simple to complex. We are assured men were not created as the Bible account clearly states.

Instead, the theory of evolution teaches that man is the result of a cosmic accident, with no design or plan - no purpose!

Well, is there a Great Creator who created the vast universe, the planet earth, the myriad of life forms all operating in harmony (except where man has disrupted that harmony)? And did the Supreme Being or Beings create man on this planet earth? Most important...CAN YOU PROVE IT?

## YAHWEH DOES EXIST

Believe it or not, you can PROVE that there is an all wise, all powerful, Almighty Creator Yahweh! You can scientifically demonstrate the existence of that Great Creator. The theory of evolution is still only a theory, NOT fact at all. There is NO specific evidence (proof) that mankind and all animals on the earth evolved from simple amoeba to the complex organisms we see about us today.

Now we come to the first proof of the real existence of the Living Elohim. We will

not base the proofs of the Creator's existence on religious faith. Instead, we are going to prove scientifically beyond any shadow of a doubt, that there must be a great Creator Elohim, who made the vast, limitless universe and created all life on this planet.

Did life evolve from simple to complex? According to the theory of evolution, all animal life - and human life - on this planet evolved from single-celled animals. The simplest single-celled animal is the amoeba. The question is, where do evolutionists get their amoeba? Where did the amoeba - the very first amoeba - originate? Evolution postulates that life gradually evolved from pre-existent non-life. But can the living come from the not-living? Where did the first life come from? What about the theory of spontaneous generation? Could life have spontaneously come into existence out of nothing? From the inanimate?

NO! -- as Science itself PROVES!

### **THE LAW OF BIOGENESIS**

The law of biogenesis states that life can come only from pre-existing life! It is an absolute LAW! Louis Pasteur, and another scientist named Lamarke, absolutely disproved the theory of spontaneous generation back in the 19th Century. To this day, scientists agree that spontaneous generation is categorically IMPOSSIBLE! The law of biogenesis states that life comes from pre-existing life. Life cannot come from dead matter! No life simply comes into existence by itself! Who, then, brought life into existence?

Since life cannot spontaneously come into existence, the only logical conclusion is that life must have been CREATED! There is no other logical explanation or conclusion!

The first great proof of the existence of the all wise, all powerful Creator is the scientific LAW OF BIOGENESIS! Yahweh is the great Life giver, for He alone is IMMORTAL, has life inherent within Himself, and able to give life. Yahweh created all life. The theory of evolution, which postulates that one species leaped over into another species and gradually over a period of millions and billions of years, became other life forms is simply an un-provable preposterous theory! Indeed, the DNA molecule suggests that such a transference of life from one species to another is scientifically impossible.

It is simply impossible for life to have gradually come into existence out of NOTHING! Life was created. Life was created by a great Creator Elohim! There is no other logical conclusion.

With the theory of Spontaneous Generation being disproved -- that is, the theory that life simply came into existence BY ITSELF -- the only other alternative, the only scientific explanation left to us is that Life must have been brought into existence! But WHAT or WHO "brought into" existence Life itself? Even today, the world's greatest

scientists have absolutely **DISPROVED** their once-cherished hypothesis that Life could be created in a laboratory by Man! One futile attempt after another by modern-day scientists have once again proved that Life cannot be "brought into" existence by spontaneous generation, yes, by the greatest minds of the 20th Century! Yet, Life does exist! Since scientists have proved that Life cannot be created where it has not existed previously, the **ONLY** explanation is that a Great CREATOR ELOHIM CREATED LIFE!! There is no other alternative!

### **THE EXISTENCE OF MATTER**

Scientists know there has been no past eternity of matter. Radio-activity is described by scientists as a gradual process of disintegration of matter. For example, uranium is a radio-active element which, when decomposing, gradually becomes the element known as radium. But then the disintegration continues in radium. Radium gradually becomes the element lead. Of course, this happens over a period of thousands of years. Nevertheless, if matter has always existed, then matter has been around long enough to have gradually disintegrated where there would be no radio-activity in existence today. Yet uranium and other radio-active elements continue to exist. Therefore we know there has been no past eternity of matter! Scientists speculate that the earth and perhaps the rest of the universe is approximately four and one-half billion years of age. There are a number of different methods of determining the age of the earth. Through radiometric dating, meteorites in rocks on the moon have also, been dated. Scientists continue to come up with the date, four and one-half billion years. This is an approximate age of our part of the universe.

Where did matter come from? Matter is defined as anything that has weight and takes up space. Basically we can say, anything that is physical or material is matter. Where did the molecules that make up matter come from? We know that the molecules in our physical universe are comprised of atoms. If the theory of evolution is true, then all the molecules in existence must have gradually evolved from pre-existing atoms. Since everything supposedly evolved from simple to complex, then all atoms gradually evolved from the simplest atoms. The simplest unit of matter is the hydrogen atom which contains one proton for its nucleus and one electron revolving around the proton. Theoretically, all molecules and all atoms would have gradually evolved from the hydrogen atom.

**QUESTION!!** Where did the evolutionists get the hydrogen atom to start the process of "evolution"?

If there is no Creator, how did the hydrogen atom GRADUALLY come into existence out of NOTHING?! Can your intelligent mind believe such a thing? Such a concept is irrational and illogical to the thinking mind! The only logical conclusion is that some power or Someone had to do the creating. If you can be logical enough to understand that matter cannot come into existence all by itself, and then you must admit there had to be a First Cause. And that great "First Cause" is Yahweh by actual name!

The Law of the conservation of energy and matter states that matter can neither be created nor destroyed. If, as scientists say, matter cannot be created, then WHERE did matter come from? How did matter, the molecules and atoms that make up our physical and chemical existence, come into existence the first time? Scientists know that matter is not being created today. Where, then, did matter originate? The only logical conclusion again, is that there must be a CREATOR who created matter in the physical universe! There is no other rational conclusion. CREATION then proves the existence of a great Creator! And that Creator is the true ALMIGHTY!

### **THE LAWS OF PHYSICS**

Consider the myriad laws of energy, motion, and rotation of astral bodies, the laws of gravity, inertia, the principle of isostasy, and myriad other laws of physics. How do these laws of physics gradually evolve from nothing? Astronomers and evolutionists begin the origin of the universe with these laws of physics already in operation! But they cannot explain how the law of gravity gradually "evolved." How did the law of inertia gradually evolve from NOTHING? Yet evolutionists start their theories with all of these pre-existing laws of science. They do not attempt to explain HOW these laws gradually "evolved" into existence from nothing! If evolutionists were to acknowledge the prior existence of these laws of physics upon which their evolutionary theories depend, they would necessarily have to acknowledge the existence of a Creator Being who put these laws into effect. These scientific laws of physics which are unchangeable, immutable, unseen, and yet very real demand the existence of a great Lawgiver!

The great Lawgiver is YAHWEH!

### **ALL LAWS ARE SUSTAINED**

When designers and engineers design aircraft or space vehicles, they consider first all the laws that will be acting upon such a craft. They actually DEPEND upon those laws to always act in a specific and uniform way. We could say that these laws are being sustained! When we drive our automobiles, trucks, buses, etc., we rely on the law of friction to keep us on the road. We know it is at work, and we also know that certain conditions nullify the friction, such as wet pavement and "planning". We also put oil in our cars to enable the engine to avoid the damaging results of friction by lubricating in order for the law of friction to not cause so much heat as to seize up or "freeze" the engine.

When our astronauts went to the moon, landed on the moon, returned to their spacecraft, and finally returned to earth, all the people involved DEPEND upon the laws of trajectories, the laws of inertia, the laws of heating and cooling, and a myriad of other laws. The FACT that they could DEPEND ON THOSE LAWS WITH THEIR LIVES AND THE LIVES OF OTHERS absolutely requires the laws be SUSTAINED!

The sustaining of laws absolutely REQUIRES a great SUSTAINER! That Sustainer is the Creator who created the laws in the first place.

### **GREAT DESIGN IN NATURE**

When you look at beautiful buildings, structures, airplanes, even cars, the thought comes over... "Who did such a tremendous job of design?" You don't shrug it all off and have a stupid thought that the building, car, airplane, watch, or whatever, just came into existence by accident. You know there was a designer involved.

Look at the interdependency of nature. Everything in nature is in total harmony. Look at the diverse kinds of flowers, trees, grains, and vegetation on the earth. Look at the different varieties of animals, insects, and birds on the earth. Look at the beauty. Look at the design! Study the cleavage properties of minerals. Study the design of the human body, and its complex intricacy.

Analyze the beauty of sex and ask yourself, did all this just happen -- without a great intelligent DESIGNER? The beauty of the universe, the earth, nature, the beauty and intricate workings of the human body, all of this plainly demonstrates to the intelligent, THINKING mind the existence of an all-wise intelligent, CREATOR ELOHIM!

### **THE INSPIRATION OF THE BIBLE**

Nearly one-third of the Bible is prophecy. Many of these prophecies have already been fulfilled. Yahweh sent His prophets thousands of years ago, as recorded in the Bible, to such cities as Ekron, Sidon, Tyre, Ashkelon, Ashdod, Jerusalem, and other cities, to predict the future of these cities. The Bible asserts to be the Word of Yahweh. In the Bible, this Great Being who calls Himself Elohim claims to be able to know the future of these cities and nations. Not only does He know them, He predicted precisely what would happen to each. Those prophecies have been, and are being, fulfilled down to the minutest detail.

Believe it or not, you can prove the inspiration of the Holy Bible. (If you would like more information on proving the inspiration of the Bible, be sure to write for our free article proving that the Bible is inspired). The inspiration of the Bible is a proof of the existence of Yahweh. The Bible is "Yah breathed"! Modern day psychics do not have the same accuracy of these ancient prophets of the Bible who predicted the fate of many cities and nations; and these true prophets have been 100% accurate!

### **ANSWERED PRAYER**

Answered pray PROVES the existence of Yahweh!

This last proof is not a scientific or historical proof. It is, however, a very real proof of the existence of Yahweh. True Believers have proved time and time again that

there is a great Elohim. Doctors are unable to explain how some people have miraculously overcome fatal diseases. There are quite a number of things that doctors and scientists have no explanations for. Also, time and time again, Believers have had answers to their prayers in other areas as well. Yahweh promises in His Word, the Bible, that all needs will be supplied (Phil. 4:19). Real answered prayer is not the working out of events as a result of chance or caprice. Answered prayer is not the same as positive thinking or optimism.

Real answered prayer is a completely miraculous, supernatural, direct intervention of Yahweh. The Bible tells us in I John 3:22 that whatever we ask we will receive because we keep His commandments and do those things that are pleasing in His sight. Many Believers have tested this verse and proved it to be true time and time again.

Let me give you a personal example. Some years ago, I had something that was incurable. The doctors told me there was no cure either medically, or by surgery that could eradicate the problem. I was given medication that I was told would have to be taken the rest of my life! Yet, I knew that in the Bible Yahweh promises to heal. In Hebrews the 11th chapter and in verse six, Yahweh tells us that without faith it is impossible to please Yahweh, for he that comes to Yahweh must believe that He is (that He exists), and that He is a re-warder of them who diligently seek Him. I knew Yahweh existed. And I took these Scriptures to heart and I asked Yahweh to heal me of that which doctors told me was incurable.

The next day I sought for an Elder in the assembly I was attending, and asked him to pray for me and anoint me with oil, according to James 5:14-15. I was prayed for and anointed with oil, in the Name of Yahshua Messiah, whom the Bible says created all things (Eph. 3:9; Col. 1:16-17; John 1:3). The living Elohim, whose name is Yahweh Rophe (Yahweh our Healer), healed me instantly! That was some twelve years ago and I have been in good health ever since!

I know that there is a great living ELOHIM who exists and who promises to reward or punish us according to the way we live our lives. There are thousands of people like myself, who have had miraculous answered prayers who KNOW there is a great Elohim. Yahweh Himself, who inspired the Bible, says to us through the prophet David, in Psalm 53:1... "*The fool had said in his heart, there is no Elohim.*"

Anyone who can see this beautiful universe, who has the intelligence to understand the laws of physics, the laws of the conservation of energy and matter, the law of biogenesis, can see and appreciate the beauty of creation all around him, and see it sustained, must believe in the great Creator.

Only a FOOL would deny the existence of Yahweh.

In this "Decade of Destiny", with the very real threat of a nuclear war hanging over our heads, it is imperative that you know in your heart that there is a great Creator.

For if there is no Elohim, you and I, and the rest of the world, have no hope!

But if there is an Almighty, and if that Almighty is going to send back His Son Yahshua Messiah to this earth, to SAVE mankind from destruction as He promises in His Word, then you and I can REJOICE! For we can know that we have a future! And same Almighty promises PROTECTION for those who are spiritually watching, and are praying always for they will be accounted "*worthy to escape all these things that shall come to pass...*" (Luke 21:36). A World War III is coming, just as scientists and world leader's suspect. The Bible calls this period of time...the "Great Tribulation" (Matthew 24:21)! But it will not be the end of mankind. Yahshua Messiah is coming back to SAVE the world!

Thank Yahweh He does exist! Thank Yahweh He is sending His Son back to this earth to rule and reign for ONE THOUSAND YEARS, to cause all war to cease, to put a stop to the arms race, to heal the sick and diseased, to solve our problems of famine and to save us from destroying ourselves! Without Yahweh, we have no hope. With Yahweh, we have ALL hope. Now is the time to begin to learn about this Great Almighty. Now is the time to being servng Yahweh. As we are told in II Corinthians 6:2, Now is the accepted time: Behold NOW is the day of Salvation.
